symphony orchestra

CLYNE Anna- *Night Ferry*

In the concert you will hear a piece by Anna Clyne called *Night Ferry*. Instead of writing the music on manuscript paper, she created a graphic score. This allowed her to paint and visualise the sound of the music.

Task

Listen to this piece and paint what you hear. You may be able to see the music painting a stormy ocean or a ship in danger. Listen and see where your imagination takes you and translate it into your painting.

Think about the colours and how the music swirls and sweeps, think about the waves and sky...what do you see when you listen to this piece?
