

Sing Out! - Lyric Sheet

Ahh x2

Ahh x2 [+ Echo's]

I sing and I make my feelings heard
My voice is like a tiger roaring, ahh
My song travels all around the world
My voice is like a jet soaring, ahh

Hear our voices, we are loud!
We sing our hearts, make you proud
Everybody sing along
And raise your voices, make them strong
We're erupting volcanoes
A lightning boom, ahh
Hear our voices fill the room

I whisper low then start to grow
And blossom into a rippling echo
I'm full of light
A floating kite
And soon my voice is taking flight
Soon my voice is taking flight

Ahh x2

Ahh x2 [+ Echo's]

Hear our voices, we are loud!
We sing our hearts, make you proud
Everybody sing along
And raise your voices, make them strong
We're erupting volcanoes
A lightning boom
Let our voices fill the room
Let our voices fill the room
